To whom it may concern,

I am a recent law school graduate, and I am interested in reviewing the indictment of cases that have had compassionate release motions filed. During my review of these dockets, I have discovered that this case's indictment remains sealed despite several years having passed since indictment and a conviction being entered.

I request that this court unseal the various documents in this case and make these records available for public review via Pacer.

Requested documents listed at the following entries:

9 – Indictment (dated Jan. 24, 2002)

38 – Superseding Indictment (dated May. 8, 2002)
